EDUCATION

Study Program
Jaipur National University

2019   *Jaipur*

Courses
- Bachelor of Science

WORK EXPERIENCE

Data Science Intern
Regex Software Services

2023 - Present

Acadamic Counselor
Stepin College Pvt Ltd

2022   *jaipur*

SKILLS

Python   Numpy   Pandas   Machine Learning
Deep Learning   Natural Language processing
Open CV   Sql   Linux   Power BI

PROJECTS

Face Attendance System
- Built a Face Attendance System using Python, Deep Learning, Convolutional Neural Networks(CNN) , OpenCV and MySQL . A cutting edge application of technology that automated attendance management with precision and efficiency.

Sentiment Analysis
- Built a Sentiment Analysis tool using Python, NumPy, Pandas, and NLP technique with Subborn library. Accurately gauged sentiment from text data from actionable insights.

Inventory Management
- Developed an Inventory Management system using Python, NumPy, Pandas, Machine Learning Ensemble techniques and user friendly GUI.

ACHIEVEMENTS

Cretified by Hacker Rank in Python

Cretified by Hacker Rank in SQL

LANGUAGES

English
Professional Working Proficiency

Hindi
Full Professional Proficiency
